

FOR IMMEDIATE RELEASE

Labrie Enviroquip Group A wholly owned subsidiary of Myers Power Products, Inc. Acquires Labrie Environmental Group

ONTARIO, CA, JANUARY 30, 2012 – Labrie Enviroquip Group (“LEG”), a wholly owned subsidiary of Myers Power Products, Inc announces the acquisition of 100% of the shares of Labrie Environmental Group, a major manufacturer of Waste Hauling equipment located in Saint Nicolas, Quebec, Canada

This acquisition represents another step forward for the Myers Group of Companies and products; adding complimentary lines to its existing portfolio. Labrie is renowned as the premier manufacturer of waste hauling equipment in the America’s and promises an exciting future of new and hybrid products as well as a full spectrum of equipment to serve the industry’s needs. Myers also purchased Pendpac Inc. in June of 2011 and its products are a natural fit to augment the Labrie line of equipment offerings. The group will continue to manufacture the Labrie products in Canada and the Pendpac products in Mexico with additional manufacturing support at our facility in Canton, Ohio to serve both product lines.

We are very pleased to announce that Claude Boivin, former President and founder of Labrie Environmental Group will continue to serve as Chairman of the Board of the new Labrie group. Brian Wadsworth has been appointed to the position of LEG Chief Operating Officer. The LEG Corporate Headquarters as well as, Engineering and Administrative functions for the Labrie Group will continue in its current location in Saint Nicolas, Quebec, Canada.

Myers Power Products, Inc. has been a leader for over 60 years in the engineering and manufacturing of Medium and Low Voltage Electrical Equipment, including lighting inverters, battery backup systems for Broadband, Telco and Traffic Control, and medium and low voltage AC and DC switchgear.

Myers Power Products, Inc. Corporate Headquarters are located at 2950 E. Philadelphia Street, Ontario, California 91761 and our website is on line at www.myerspowerproducts.com
